25	NO ISSUE	

Building magazine continues to cover the news agenda across the breadth of the construction industry and within that agenda there are consistent issues that will be covered regularly in print and on our digital channels. Some of these issues include Digital, Risk and Regulation, Housing & Offsite, University Estates, Regional coverage and Social Value & Sustainability. Get in contact with the team to discuss how we can further align your organisation to these issues with our 2020 programmes.
